P.O. Box 30566 NAIROBI – 00100

Dear Sir,

AUTHORITY TO CONSTRUCT/ERECT COFFEE PULPING STATION/FACTORY

Your application for Authority to Erect a Coffee Pulping station/ factory presented through your County coffee Working Group is acknowledged with thanks.

We are pleased to inform you that the Authority to Erect is hereby granted for the construction of the proposed Coffee Pulping station.

This authority is subject to the following conditions:-

- (i) That you must have attained a minimum of five (5) acres under mature coffee, indicating the number of coffee trees and variety per land parcel presented, with an average Coffee production of 2,400 kilograms of cherry per acre for the immediately preceding two (2) years
- (ii) Construction will be in accordance with design plans by a qualified coffee factory engineer and approved by Ministry of Agriculture coffee factory experts
- (iii) A water permit will be issued by the relevant water authority/NEMA, prior to opening the factory for pulping
- (iv) Provision will be made during construction to avoid any possible environmental/water pollution
- (v) A pulping station's Licence will be issued once construction has been completed.
- (vi) This authority is valid for 12 months from the date of issue during which you must complete your factory
- (vii) The Coffee Directorate reserves the right to either suspend or cancel this authority after or during the 12 months period, if found not to have met any of the requisite conditions
- (viii) The Directorate shall not be liable for any loss or damage occasioned by any suspension or cancellation of this authority.

Yours faithfully,

Bernard Gichovi
