18.	Qualified operators for manufacturing and formulating premises			
19.	Qualified operators for store and dispensing premises			

GENERAL RECOMMENDATION

I certify that I have inspected the premises described above and it is my considered opinion that a licence should not be issued / withdrawn for the premises.

The following defaults should be rectified (specify items by numbers).

.....

Signature of Inspector; ;

Name of Inspector;

NOTE

In case the Inspector's report reveals defects in the fulfillment of the requirements by the pest Control Products Act, and therefore a recommendation not to provide a licence to the owner of the premise by copy of this report shall be allowed a period 30 days to rectify the defects and comply with the Law. He will be allowed further 14 days in which to re-apply for a licence. If after a sub-sequent inspection the premises fails to meet the requirements , the business shall forthwith be closed and court action taken in case of further default.
